INLAND FISHING LAWS

STATE OF MAINE

1 9 4 7

To All Sportsmen:

This pamphlet contains an abstract of the laws regulating fishing in open waters, as contained in the Biennial Revision 1945, (Chapter 33 of the Revised Statutes), also all rules and regulations of the Commissioner of Inland Fisheries and Game adopted up to the time of going to press.

GEORGE J. STOBIE,
Commissioner,
Augusta, Maine

THE OLD ANGLER COUNSELS YOU

If you are ever lost:

Sit down and think the situation over.

Don't rush through the woods.

Keep calm; there is nothing to harm you in the Maine Woods, no poisonous snakes, nor animals which will attack you.

Make a smoke signal by putting green branches on your fire to make a smudge.

Conserve your energy; you can live for days without food.

Keep warm by building a fire and gather a supply of dry wood.

The Game Warden is your friend and counselor and will be glad to assist you to get the most enjoyment from your sport.

Companions should notify nearest game warden if fisherman is lost.

HINTS TO THE WISE

To get the most out of your fishing trip.

DON'T FORGET TO:

ALWAYS carry a little food that is rich in concentrated energy, (cheese, chocolate, raisins).

ALWAYS carry emergency matches in a waterproof case.

ALWAYS carry a good compass. Learn to use it properly, then keep it with you and believe it.

ALWAYS carry a map of the region.

ALWAYS carry a big strong jack-knife.

ALWAYS carry a belt axe.

MORE SPORT FOR THE SPORTSMAN

Fishing laws were first framed to answer the demands of sportsmen. The laws and regulations will protect your rights and those of others, and insure perpetual fishing. **Obey them**, and see that others do and report any violators to the proper authorities.

It is unlawful to fish without a license and it must be issued in your own name.

It is unlawful to buy or sell fish protected by law.

Quit when you have your daily bag limit.

When you catch short fish, wet your hands, remove the fish gently and carefully and return it to the water.

Respect the property rights of others; clean up your papers, bury your rubbish, close gates after you have used them.

Avoid forest fires. Please be careful of your fires. Be sure any fire is out before leaving. Always break matches before throwing them away, never throw, or allow another to throw down a lighted cigarette or cigar. Carelessness can destroy in a few minutes that which has taken a century to grow.

ABSTRACT OF GENERAL LAWS REGULATING FISHING IN OPEN WATERS

DEFINITIONS

“Closed Season” means the period during which it is unlawful to fish for, take, catch, kill, or destroy any fish.

“Open Season” means the period during which fish may be taken as specified and limited by law and includes the first and last day thereof. (For opening dates in the respective counties please refer to the special rules and regulations to be found in the back of this book.)

“Fly Fishing.” In waters which are restricted to “fly fishing” casting with unbaited artificial flies only is allowed.

“Fly,” a hook dressed with feathers, hair thread, tinsel, or any similar material to which no additional hook, spinner, spoon or similar device is added.

“Transport” includes to offer or to receive for transportation.

“Aliens.” All aliens shall be classified as non-residents. Any alien who has resided in this state continuously for 2 years and in addition thereto is assessed and pays taxes on real estate in the municipality in which he resides, may purchase any resident license issued under the provision of this chapter. This privilege applies to the tax paying alien only and not to any member of his family.

“Resident.” A resident is a citizen of the United States who is domiciled in Maine with the intention of remaining and who has resided in this State dur-

ing the 3 months next prior to date of application for license. (All employees of the Veterans' Administration Facility are classified as residents.)

"Non-resident." Non-residents are persons not coming within the definition of "resident" and includes "aliens" as defined above.

The word **"tributary"** means a brook or stream flowing directly or indirectly into a lake, pond or another stream. A lake or great pond (over 10 acres) shall not be construed to mean "tributary." The tributary to a great pond shall not be considered a tributary to the outlet of that great pond.

A **"water thoroughfare"** means a waterway without flowage, as distinguished from a stream or river, connecting 2 bodies of water. All thoroughfares and bogs shall be covered by the same laws applicable to lakes and ponds except as hereinafter provided.

"Bag Limit" means the maximum limit, in number or amount of fish which may lawfully be taken by any one person during a specific period of time.

"Inland Waters," shall include all waters within the state above the rise and fall of the tide.

"Commissioner." Wherever the word "commissioner" appears hereafter, it refers to the Commissioner of Inland Fisheries and Game.

MISCELLANEOUS GENERAL PROVISIONS

No person shall fish with more than 2 lines at any one time.

All pools, beginning at a point 200 feet above and running to a point 200 feet below all state fish

hatcheries and feeding stations, shall be closed to all fishing at all times.

Closed Season for Fishing: All waters are closed to all fishing for such period as same waters are closed to fishing for salmon, trout or togue.

During the period of the respective closed season it is unlawful for any person to fish for, take, catch, kill or have in possession any fish of any kind from such closed waters.

Possession of Fishing Tackle. The possession of any fishing tackle in the fields, forests, or on the waters or ice within the territorial limits of the state by any person who does not possess the required fishing license duly issued to him covering the period of time within which such fishing tackle is found in his possession, shall be prima facie evidence of fishing in violation of law unless such person furnishes satisfactory evidence of the issuance of such license.

Fishways. Fishing in or within 150 feet of any fishway is prohibited.

Ponds Formed by Brooks, Streams and Rivers. Ponds 10 acres or less, formed on brooks, streams or rivers shall be governed by the same law regulating fishing that applies to the brook, stream or river on which they are situated, whether said pond be natural or artificial.

Thoroughfares and Bogs. The general laws governing lakes and ponds also apply to thoroughfares and bogs.

Bait Dealers. All persons dealing in live bait shall be licensed to do so by the commissioner, and the fee

therefor shall be \$2 for each calendar year. Persons having a bait dealer's license under the provisions of this section may take smelts in accordance with the provisions of section 46 and a licensed bait dealer may possess more than 4 quarts of bait at any time providing the taking was legal.

Advance Baiting. Tolling or luring fish by means of advance baiting such as depositing meat, bones, dead fish, or other food for fish or any other substances in any of the inland waters for the purpose of attracting fish, is prohibited. Penalty \$10.00 to \$30.00.

Stocking of Inland Waters. No person shall introduce any fish, fish fry, or spawn in any of the inland bodies of waters in the state without the written consent of the commissioner. Penalty \$50 to \$500.

slabs, edgings, sawdust, chips, bark, mill waste, shavings or fibrous materials created in the manufacture of lumber or other wood products, or so deposit any oil regardless of its source.

Transportation of Fish. Any person, licensed to fish may transport to his home in any one day the bag limit of fish for that day when open to view and in the possession of the person who caught said fish. Any person legally in possession of any fish may once in 10 days offer one day's bag limit to a common carrier for transportation to his home under a \$1.00 transportation tag. **Exceptions.** Shipments of fish legally in possession as above may be made only once a year from Rangeley Lake, Mooselucmeguntic Lake, Cupsuptic Lake, Richardson Lake Upper and Richardson Lake Lower and at any time from Moosehead Lake and waters in Piscataquis County.

It shall be prima facie evidence of a violation of this section on the part of any keeper or owner of such camp used in lumbering or construction operations to have in his possession in such camp any fish described in this section. The provisions of this section shall not apply to pickerel in Washington county.

Certain implements and devices prohibited. It shall be unlawful to use dynamite or any other explosive, poisonous or stupefying substance at any time for the purpose of taking or destroying any kind of fish. A violation of this provision shall be punishable by a fine of not less than \$100 and costs for each offense or by imprisonment for 2 months.

It shall be lawful to angle or fish by use of a single-baited hook and line, artificial flies, artificial minnows, artificial insects, spoon hooks and spinners. No person shall fish with more than 2 lines at any one time.

All other devices, such as fish spawn grapnel, spear, trawl, weir, gaff, seine, gill net, trap (or set lines except as hereinafter provided) for the taking, catching, killing or destruction of fish shall be unlawful except that it shall be lawful to take suckers, eels, hornpouts, yellow perch, white fish and cusk in accordance with the provisions of section 44.

Taking of Minnows for Bait. It shall be lawful to take minnows usually used as bait for fishing, in all the inland waters of the state (during the period that such waters are open for fishing) as bait for fishing only in this state, except that the commissioner may grant permits to take minnows for bait purposes from certain waters at any time; and provided, further, that it shall be lawful to fish for and take white fish with single hook and line in the daytime in the waters of the state during such time as the waters fished in are open to fishing for salmon, trout and togue.
